e-zynet Opens New Manufacturing and Distribution Center in Utah

June 16, 2008 - Draper, Utah – e-zynet announces the opening of its newest Manufacturing and Distribution Center near Salt Lake City, Utah.

“This latest manufacturing and distribution center will allow us to better serve our customers throughout the United States,” said Dimitrios Sidiropoulos, CEO. “The Salt Lake City location is a great centrally located and low cost location with rapid shipping capabilities to the western and central states.”

The site is located in Draper, Utah, about 30 minutes south of Salt Lake International Airport and downtown Salt Lake City. The new manufacturing and distribution site will manufacture and warehouse the entire e-zynet product line for rapid shipment of products throughout the USA.

About e-zynet

e-zynet designs and manufactures both short and long range high speed wireless communications products.

The company's indoor and outdoor WLAN products are standards based to insure interoperability. In addition to a line of standard 802.11 products, e-zynet also develops customized wireless products to meet specific OEM customer requirements.

Headquartered in Veria, Greece, e-zynet also has offices and warehouse facilities in the USA and representatives worldwide.
